# CHARMING & BEAUTIFUL CHESAPEAKE BAY

INCLUDES CHESAPEAKE BAY, TANGIER ISLAND, ASSATEAGUE ISLAND & OCEAN CITY

6 DAYS / 5 NIGHTS

June 9-14, 2014

Tour includes 10 meals

**Day 1:** We depart early this morning and travel toward the Delmarva Peninsula. We'll make a stop in Petersburg, VA, to visit **Old Blanford Church**. This historic church has fifteen beautiful stained glass windows signed by Louis Tiffany. The cemetery here contains graves of 30,000 Confederate soldiers. Our destination is the **Norfolk** area, where we have accommodations for tonight. We'll enjoy an included dinner at one of the local favorite restaurants. (D)

**Day 2:** Our route will take us across the **Chesapeake Bay Bridge/Tunnel**. We can see the water around us as we submerge from the middle of the bay into two tunnels. With the Chesapeake Bay on one side and the Atlantic Ocean on the other we head for **Crisfield, Maryland**, where we board a boat to **Tangier Island, Virginia**. Inhabited since 1886, this island is 14 miles from the mainland and until recently had few visitors, because of its inaccessibility. Natives of this island still speak with a trace of an Elizabethan accent. We'll spend the afternoon on this unique island. Now it's time to head for **Salisbury, Maryland** area, where we will spend the next 3 nights. Dinner will be included tonight. (B,D)

**Day 3 :** This morning we will visit the **Ward Museum of Wildfowl Art**, in Salisbury, MD. Here we'll see a comprehensive collection of antique decoys, contemporary sculptures and paintings. Our next stop will be at the **Country House**, largest country store in the east. Next, it's off to **Assateague Island** where, perhaps we have heard of the world-famous **Chincoteague ponies**. There are relatively few wild ponies left in North America, and many of them can be found here! These ponies inhabit this 37-mile, barrier island off the coast of Maryland and Virginia. These small, hardy horses have been the source of great intrigue and speculation throughout their history on the island, from how they arrived there to the love affair created in the children's book, "Misty of Chincoteague" and the annual "Pony Penning" event. Here on the island we will find friendly natives, old-fashioned southern hospitality and a quieter way of life. As we approach the island we find ourselves in the heart of Main Street, with its charming shops, art deco theatre and inviting restaurants. Later this afternoon we arrive in **Ocean City, Maryland**, where we will visit the **Ocean City Life Saving Station Museum**. We'll also take time to explore Ocean City's three-mile boardwalk lined with shops and restaurants. Dinner will be included in Ocean City, before returning to our hotel in Salisbury. (B,D)

**Day 4:** Following breakfast this morning we will take the short drive to the historic village of **Cambridge**, where we will meet our step-on guide for a tour of the area. We'll learn the traditions of the wooden shipbuilding industry at **Ruark Boat Works**, where craftsmen restore and preserve wooden boats. Next, we're off to **St. Michaels**, another charming village where we will visit the **Chesapeake Bay Maritime Museum**.

*Continued on next page*

With 10 buildings on an 18 acre campus, this museum offers exhibits and programs highlighting the maritime history and culture of the Chesapeake Bay. We'll also take time to browse the specialty and antique shops. Dinner will be included tonight, before overnighing again in Salisbury. (B,D)

**Day 5:** This morning we take the Cape May-Lewes Ferry and cross to New Jersey, where we visit the quaint Victorian town of Cape May. We discover the Cape May Historical District on a guided trolley tour and visit the Victorian House Museum. We travel through New Jersey and Delaware enroute to northern Virginia, where we will overnight. Another dinner is included this evening. (B,D)

**Day 6:** Time has passed so swiftly. After a leisurely breakfast this morning, we will board our coach and head toward home. Our experience has been so special that we want to take a bit of the island back home with us. We've enjoyed with beauty of nature, the hospitality and the quiet solitude that's close to home, yet miles away from ordinary. (B)

# OUTER BANKS OF NORTH CAROLINA'S SHORE

**JUNE 18-22, 2014**  
**5 DAYS / 4 NIGHTS**  
Tour includes 8 Meals

**Day 1:** The Outer Banks consist of a string of narrow islands and peninsulas that lie between the ocean and the sounds along 125 miles of North Carolina's coast. The area is rich in history. The first English colony was established on Roanoke Island in 1585. At Kill Devil Hills in 1903, Wilbur and Orville Wright successfully launched the first flight of a power-driven airplane. Come away with us as we discover the lands of the Outer Banks that are constantly shifted by wind and waves. We will travel along the most extensive stretch of undeveloped seashore on the Atlantic Coast. By late afternoon we arrive in the Nags Head, NC area, where we have accommodations for the next two nights. Dinner tonight will be included at a local favorite seafood restaurant. (D)

**Day 2:** Following breakfast this morning, the first thing on our agenda is a visit to the **Wright Brothers National Memorial** in Kill Devil Hills. The visitor center exhibits include reproductions of the 1902 glider and 1903 flyer. Next we will tour the **Elizabeth II**, a replica of the ship that transported colonists to the new world. The Elizabeth II is located across from Manteo's waterfront. Following lunch on our own, we will stroll through the unique **Elizabethan Gardens on Roanoke Island** at Fort Raleigh National Historic Site. This is a re-created, 16th-century formal English garden. We will take time to visit the **Lindsay Warren Visitor Center** that has artifacts and relics from the period of the first colony, as well as a 17-minute film about the English attempt to settle in the New World. Dinner will be included tonight. Following dinner we take our seats for the **Outer Banks Jubilee**. Whether 9 months old or 99 years old, we are sure to have a foot stompin' hand clappin' good time! The styles of music played at the Jubilee range from country, oldies, pop, and even some rock, mixed with bluegrass and those beautiful old hymns and good time gospel tunes. We overnight again in the Nags Head area. (B,D)

**Day 3:** Today we continue our touring as we welcome our **local guide** onboard and enter the **Cape Hatteras National Seashore**, which extends 70 miles to Ocracoke Inlet. We will see such attractions as the **Chicamacomico Lifesaving Station, Cape Hatteras, and Bodie Lighthouses**. We will see one of the largest fleets of sportfishing boats on the mid-Atlantic Coast at the **Oregon Inlet Fishing Center**. We believe that our guide may have a few "surprises" in store for us as the day unfolds. After some free time in the village of Ocracoke, we will board the late afternoon ferry to **Cedar Island**. We'll travel to **Morehead City** for our overnight accommodations and dinner will be included. (B,D)

**Day 4:** Following breakfast we'll depart for the beautiful coastal fishing hamlet of **Beaufort**. Our local step-on guide will point out historical sights and share stories of local lore. We'll also visit the **North Carolina Maritime Museum** where we'll see artifacts as well as exhibits featuring North Carolina's rich seafood industry, life saving stations and lighthouses. Following lunch on our own we'll continue our journey as we depart for **New Bern**. We will visit the **Tryon Palace and Gardens**. This was the Colonial Capitol of North Carolina and also the home of Royalist governor, William Tryon. The grounds and palace are landscaped in the manner of 18th-century English Gardens. We'll spend the night in New Bern, and dinner will be included near our hotel. (B,D)

Experience the "real Florida" as we circle through the state that is famous for much more than a Mouse!

**Day 1:** Our first day's travel carries us through South Carolina, Georgia, and into **Florida**. Our overnight stay is in the city of **Spring Hill, FL**.
